and seeks to implement the Commission for Racial Equality Housing and Employment Codes of Practice."

We try to live up to this Equal Opportunities Statement by taking an active part in the communities in which we work. We seek to reflect the different parts of those communities, working together to the common aims of high quality housing and other community initiatives.

We are committed to addressing structural inequalities, such as poverty, as well as challenging all forms of oppression (including racism, sexism and ageism), which exclude and disempower many people in the communities where we work.

We recognise and respect the cultural identity of each person associated with Mossbank Homes and celebrate the cultural diversity this generates.

We take the following practical steps to live up to this commitment:

- We provide equal opportunities training for Board and staff
- We have a policy and procedure to address racial harassment, domestic violence, and hate crime
- We have procedures for the letting and management of our properties through which we seek to be fair to all applicants and occupiers
- We adopt fair procedures in the recruitment of staff to give all applicants the opportunity to demonstrate their strengths so we can choose the best candidate for the job
- We seek to trade with businesses based in the areas where we work and with businesses led by people from ethnic minorities, by women and by disabled people
- We encourage our trading partners to follow fair recruitment and trading policies & procedures
- We monitor the outcomes of our policies & procedures and take action where monitoring shows scope for improvement
